

**THERE ARE NO UNWANTED  
CHILDREN, JUST UNFOUND  
FAMILIES.**

## **Wanted and Needed**

**Special people who can open their heart and home to a child that needs a temporary foster home on an **emergency basis**.**

**Consider the difference you could make in the life of a child by providing a safe, stable place to call home until a more permanent home can be identified.**

**Licensed Foster Parents: please call your support worker and offer to take a child on an emergency basis. Thank you.**
